HAPPY FALL!!

GIFTS ARE OUT!

Our three mentors have spent all month in the field getting to know your students and are very excited to help them reach their educational goals this year. When our mentors first met their students, they came bearing gifts. Elementary students had the opportunity to choose between four excellent books while middle school and high school students received their choice of a maroon or black beanie. Ask your students what book they selected or what color beanie they got. If they did not receive their gift, reach out to Malinda and we will make sure to get it out to them shortly.

NAVAJO LANGUAGE CLASSES

In addition to high school classes, the program has access to limited online, self guided, language classes through Duolingo. If you are interested in beginning a program and would like to see if you qualify, please email Malinda Jensen.

COMMITTEE ELECTED!

On September 8th, 2023 the Jordan Native Parent Committee met to elect their leadership board and approve the Bylaws for the 2023-2024 school year. We are pleased to announce that Charmayne Gray, Ashley Heaton, and Natalie Miles were all elected to the leadership roles of the committee. The Parent Committee acts as a liaison between our Native American Community and the Title VI Jordan School District Program in the assistance of drafting program ideas, helping with establishing program goals and communicating the needs of our student community. If you would like to be a member of the committee, please contact Malinda. We encourage all who want to be involved to apply.

FIELD TRIP!

On Tuesday, October 3rd we had the wonderful opportunity to explore the Natural History Museum of Utah with our 5th and 6th grade students. This field trip allowed us to visit the Native Voices Exhibit. This exhibit was designed in consultation with Utah's Indigenous communities. It depicts Native American art and culture and interprets the deep memory and contemporary presence of Utah's indigenous people. In addition, our students were able to tour the rest of the museum and interact with the exhibits. We feel this field trip was a great success and look forward to continuing it. If you have any suggestions for culturally relevant activities our students would enjoy, please let us know!

Email suggestions to Malinda Jensen.

TALENT WANTED!

As our program continues to grow, we seek to expand our professional development for teachers and help incorporate culturally relevant and appropriate Native American materials into their curriculum. Many Teachers have inquiries about having guest speakers or presentations in their classroom and we would like to reach out to our community for assistance. If you have any suggestions for guest speakers, presentations, entertainment, dancers, or other ideas to help bring our culture into the classroom, please reach out to us. We will be compiling a contact list for teachers as well as for future community night presentations.
