WELCOME BACK!!!

Dear Students, Parents and Guardians,
Welcome back to the start of a new and exciting school year! The Jordan Native American Program has been busy planning for the upcoming school year, fostering new relationships in order to bring everyone in our community access to language services, field trips, and student support services. Our team is excited to begin growing academic relationships with students to help them meet their educational goals.

Our three mentors have started to attend classrooms this week to make introductions, bringing with them a welcome gift so be on the look out! Our mentors serve specific assigned schools and have a grade level specialization. If you are not sure who your mentor is or have questions, you can reach out to Nick West and he will be happy to assist you.
